Commissioner of Conservation
Office of Conservation
Post Office Box 94275
Baton Rouge, Louisiana 70804-4275

Re: **AMPM 5 RA SUA**
 Theall Field
 Vermilion Parish, Louisiana

Application is hereby made on behalf of **KASH OIL & GAS, INC.** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the establishment of rules and regulations and the recreation of a single drilling and production unit for the exploration for and production of oil and gas from the **Amph 5 Sand, Reservoir A, in the Theall Field, Vermilion Parish, Louisiana:**

1. To reestablish rules and regulations and to recreate a single drilling and production unit for the exploration for and the production of oil and gas from the **Amph 5 Sand, Reservoir A**, said unit to be designated **AMPH 5 RA SUA**. This unit was terminated by Supplement to Order No. 367-H, effective April 3, 2001, under provisions of Statewide Order No. 29-L-2. Production has been reestablished in the original unit well, the **KASH Oil & Gas No. 1 S. Hebert (Section 36 - Township 13 South, Range 2 East)** which tested at the rate of 3 barrels of oil per day.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To provide that any future wells, replacement and/or alternate unit wells drilled to the **Amph 5 Sand, Reservoir A**, should be exempt from the spacing provisions of Statewide Order No. 29-E.
4. To authorize the Commissioner of Conservation to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.

5. To consider such other matters as may be pertinent.

The Amph 5 Sand, Reservoir A, in the Theall Field, was previously defined by Office of Conservation Order No. 367-H, effective July 22, 1987, as being that oil and gas bearing sand encountered between the depths of 10,216 feet and 10,335 feet (electrical log measurements) in the Kash Oil & Gas, Inc. (formerly Ohio Oil Co.)-S. Hebert No. 1 well, located in Section 36, Township 13 South, Range 2 East, Vermilion Parish, Louisiana.

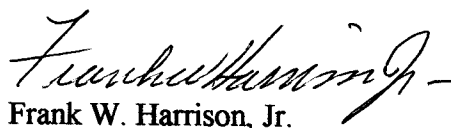

Pertinent data, including well logs, may be obtained AT THE COST OF THE REQUESTING PARTY from Frank W. Harrison, Jr., Post Office Box 51943, Lafayette, Louisiana 70505, Telephone Number (337) 232-4031.

Pursuant to the Rules of Procedure a conference to discuss the proposed application and any opposition thereto was scheduled for 10:30 A.M. on Friday, February 15, 2002, at the offices of Frank W. Harrison, Jr., 200 Audubon Blvd., Lafayette, Louisiana. However, no Interested Owner or Represented Party made a specific request to confer, therefore this conference was not held.

Attached hereto and made a part hereof is a plat outlining the proposed unit and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this notice is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. The list of parties will, however, be furnished by the undersigned to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties, and Represented Parties.

Finally, enclosed is our check in the amount of \$700.00 made payable to the Office of Conservation and representing the required hearing application fee.

Very truly yours,

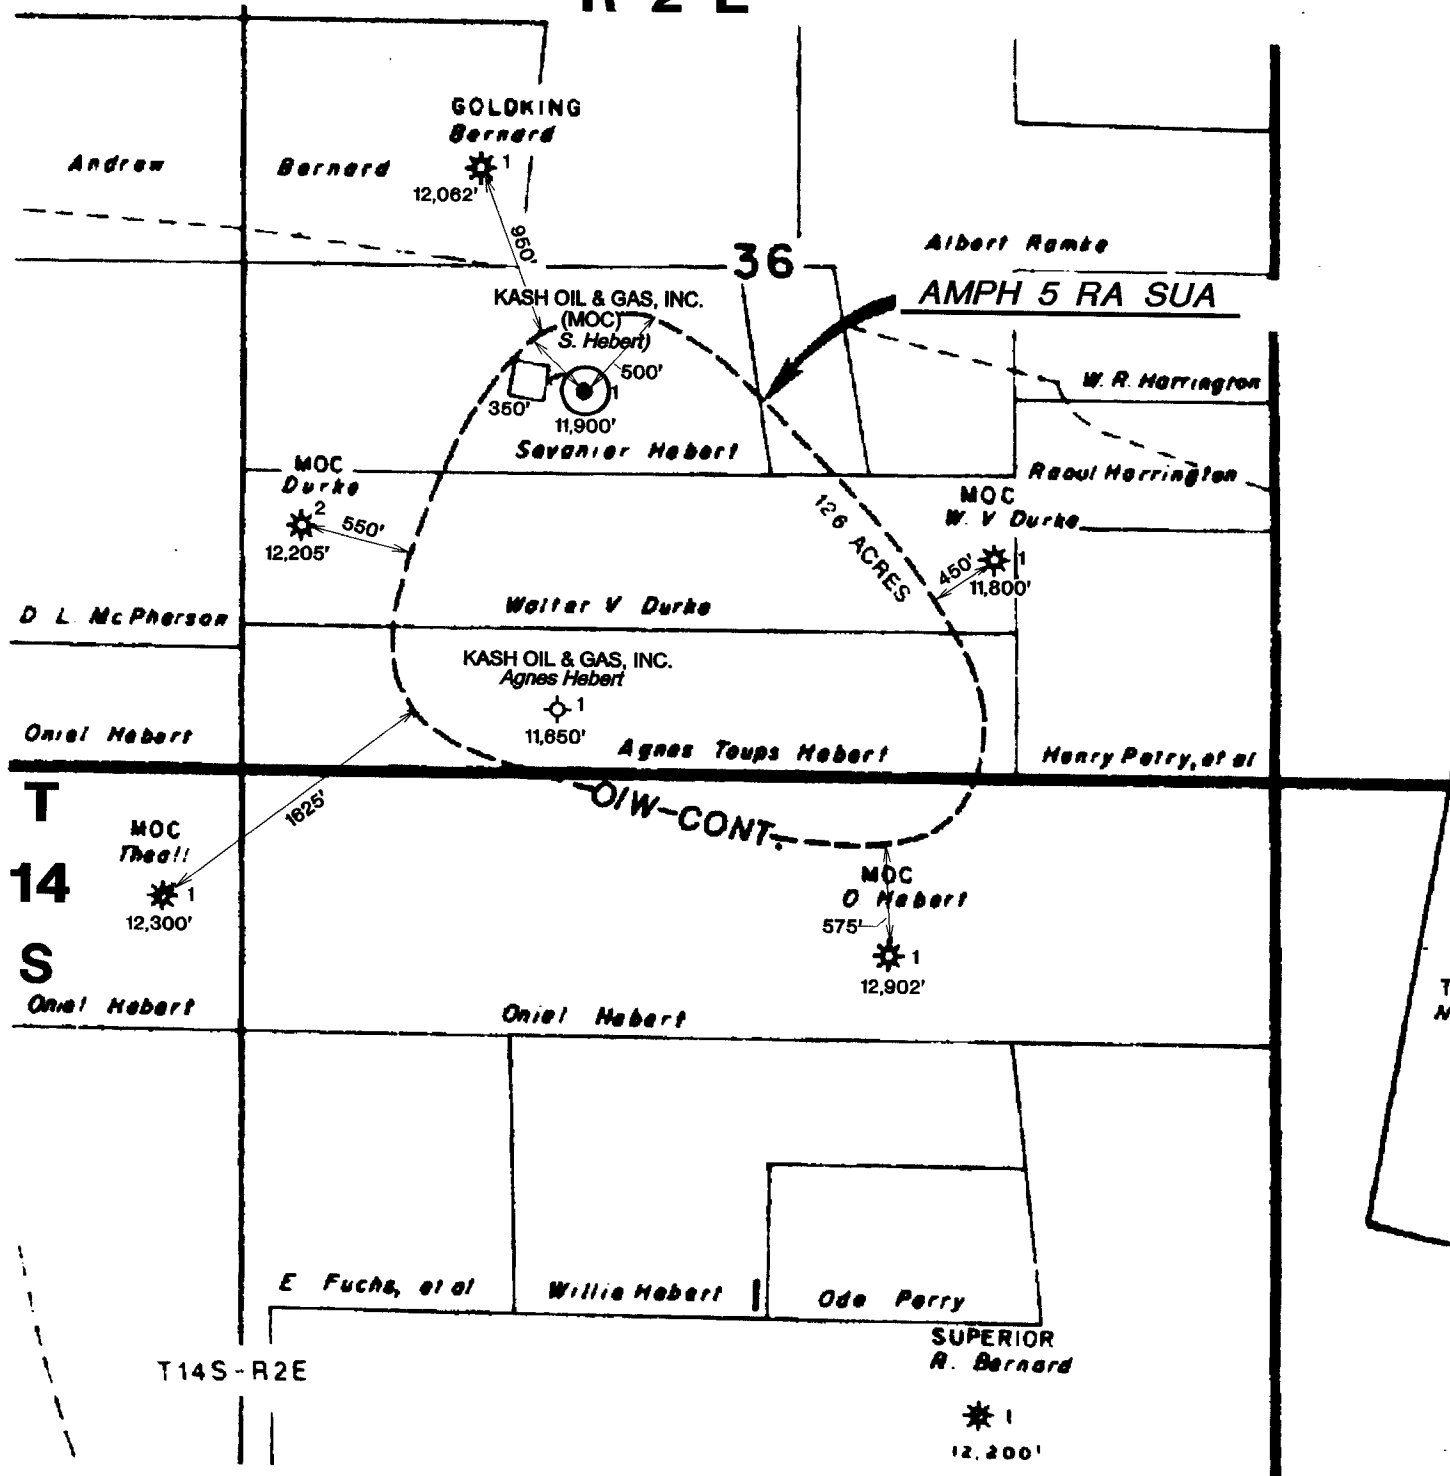

Frank W. Harrison, Jr.
